

# HELPING HANDS Golf Tournament

*June 6, 2026 • Ocala Golf Club*

## SPONSOR INVITATION

Dear Friend,

I am excited to announce our 2026 charity Golf Tournament, taking place on Saturday, June 6th at the Ocala Golf Club. And I hope you will consider becoming a Tournament Sponsor.

Your support will help provide housing and life-changing care for women and children in need. Our Christian-based program helps our residents overcome difficult and sometimes severe setbacks in life. These include helping them overcome traumatic experiences and abuse (whether physical, emotional, or sexual) --- as well as shame, depression, unforgiveness, addiction, joblessness and more.

This tournament is our only fundraising event of the year, and plays a vital role in funding the housing and care our residents rely on. Thanks to last year's incredible support, we raised \$201,556 --- our best year ever! This year, we're hoping to surpass that amount, and we'd love for you to help us do that.

It would be very meaningful to have you as a sponsor in 2026. For your consideration, I have included a Sponsor Registration form and other information about the tournament. Your support truly makes a difference in providing a new and better life for the women we serve.

If you choose to become a sponsor, kindly submit your sponsorship registration at your earliest convenience. Your consideration and support would be greatly appreciated!

Sincerely,

**Brad Dinkins**  
Founder/Chairman

"As a supporter, I know Helping Hands is very dedicated in helping hurting people. They are doing a great job providing the Christian influences and support necessary to help their residents build a new and better life. I hope you will join me in lending your support to this wonderful organization."

## Your GOLF SPONSORSHIP Is Helping Our Residents Overcome Life's Setbacks

Jessica, pictured with her two children, came to Helping Hands very sick, homeless, depressed, and jobless ... and desperately needing a place to live.

**Jessica, a single mom, came into our life battling Crohn's disease, colitis, fibromyalgia, blood disorders, and liver problems.** (Previously she had a hysterectomy and surgery on her stomach and hands).

**Because of so many health problems, Jessica lost her job and later her house.** She survived by selling almost everything she owns. She was left without money to take care of her children, even for basic needs. The diseases and pain were so bad she was forced to take her son out of high school to care for her. The pain and loss was so much that she was about to lose all hope.

**Jessica, a very good woman, was doing the best she could under severe circumstances, but she needed help.** And despite her severe health and financial problems she continued to push herself to be a good mom for her children.

**We are glad Jessica and her children came to live with us ...** and that we were able to provide a comfortable place to live, along with food, encouragement, and care ... until they could get back on their feet. They made good progress and were able to get through their circumstances while staying with us. We are thankful for the many supporters who enabled Jessica and her two children to start a new and better life at Helping Hands.
